1. GETTING STARTED

Introduction

Training Manual

This Introductory Training Manual is designed with the new user in mind. It is intended to teach the fundamental aspects of Clarity Human Services software. This Training Manual contains instructions on all key elements of the Clarity Human Services workflow.

1. Privacy & Security

Clarity users require a unique username and password. Your username will be assigned to you. Your UserID will be created by us. Usually it will be your first initial and last name ie., jsmith. Please take this time to think of your new password. It must meet the following criteria:

- Password must be 8 characters or longer
- Password must contain at least one uppercase character (A through Z)
- Password must contain at least one lowercase characters (a through z)
- Password must contain at least one number (0 through 9)
- Password must contain at least one non alphanumeric characters (!@#\$%^&*())
- Password must not contain spaces

Example of an acceptable password: SampleP12! (Do not use this one)

Do not share your account

Everything in the system is completely tracked. Every change that is made is traceable. You, as the user, are solely responsible for what happens under your account. Do not share your username and password with anyone, even another HMIS user. If someone at your agency needs access to the HMIS please contact HMISsupport@end-homelessness.org.

Each HMIS user is also required to submit a signed HMIS User Agreement policy prior to system access. The system will prompt you to digitally sign the user agreement the first time you access the system.

HMIS Computer Requirements

- Computers in public areas used to collect and store HMIS data must be staffed at all times.
- Password protected screen savers must be automatically enabled when your workstation is not in use.
- Users will be automatically logged off the system after a period of inactivity.
- Written information pertaining to user access should not be stored or displayed in any publicly accessible location.

The Clarity Human Services software takes advantage of the latest in web technologies. For both security and compatibility, it is extremely urgent that your local IT Staff ensure all workstations are outfitted with the latest version of the Web Browser you use.

The latest version of the following web browsers is supported by Clarity:

- Microsoft – Internet Explorer
- Mozilla – Firefox
- Google – Chrome
- Apple – Safari

Client Consent & Notification

- Clients **MUST** be given a notification form that explains HMIS and why their personal information is being collected.
- Clients **MUST** also be given a consent form, which they must sign and agree to.
- If a Client does not consent to share their information their information can still be entered into the HMIS but their information will not be shared outside of your agency (i.e. their profile will not show up in a system search).

There are Several ways to document client consent in Clarity:

- Electronic Signature
- Attached PDF which must have the client signature
- Signed Paper Consent (Enter your location in the Location text box)
- Household or Group Member – Select if the client is a minor and an adult household/group member signed the Consent.
- None – Client data will not be shared outside of your agency

2. Log in to Clarity

The first step is open the following login page:
<http://cincinnati.clarityhs.com/login>

Then enter your username and password, select Sign in. Logging in will take you to the search screen, where you can begin your tasks.

3. User Profile

Click on 'ACCOUNT SETTINGS' to access your User Profile screen and adjust your account settings.

From the Account Settings you can:

- Change/Add a profile photo
- View/Edit account settings
- Hide/Show recent services while working with clients
- Enable/Disable *Auto Suggest*
- Enable two factor authentication (Turning on will prompt the setup of the 2FA process at your next login)
- Manage your Assessment Due warning

(learn more at <https://get.clarityhs.help/hc/en-us/articles/115000410987-Working-with-Your-Staff-Profile>)

4. Logging Out

To log out of your Clarity session, click the Staff Profile picture in the upper right corner of the screen. Select Sign Out to end your Clarity Human Services session and log out of the system.

5. Searching for a Client

Before entering a NEW client, you must search to ensure that the client does not already exist in the database.

It is a good idea to enter only partial names when searching for a client. For example, if you are searching for Michael Jones, entering mic jon in the search field makes it much easier to find the correct client. See the example below:

You also have the ability to search using the last four SSN digits or a combination of the client name and SSN (Alice 5555). **Remember there is space between name and SSN**

SEARCH FOR A CLIENT
ADD CLIENT +

a apple		SEARCH
Alice Apple	10/10/1998 5555	or any combination.
Andy Apple	10/10/2017 4523	

Before creating a new client, you must search to ensure that the client does not already exist in the database. You can search by first/last name, social security number, VESTA public ID (place a space between the name and last for digits of social), date of birth or any combination of these data points.

To select a client from your search results, mouse over the client you would like to select to produce an “Edit” option.

Click on the client “Edit”, it will take you to the client profile.

SEARCH FOR A CLIENT ADD CLIENT +

alice

SEARCH

Enter your search terms above to search for a client. Use full name, partial name, date of birth or any combination.

	Date of Birth	Last Four SSN	Last Updated

Adult Age: 20

UNIQUE IDENTIFIER: 64F5810BD

6. Adding A New Client

If, after a thorough search, you have determined that your client does not exist in HMIS, click “Create a New Client” in the upper right corner of the Search screen.

SEARCH FOR A CLIENT ADD CLIENT +

a apple

SEARCH

Alice Apple	10/10/1998	5555
Andy Apple	10/10/2017	4523

Before creating a new client, you must search to ensure that the client does not already exist in the database. You can search by first/last name, social security number, VESTA public ID (place a space between the name and last for digits of social), date of birth or any combination of these data points.

In this example, we are entering client Jody Smith.

Complete ALL fields on the following Intake screen with the proper responses and click “Add Record” at the bottom of the page when you are finished.

If any of the required HUD Universal Data Elements have been left blank, you will be unable to save/create the file. These fields will be highlighted in red for your attention:

⚠ Changes have not been saved. Please correct your entry and try again.

The top will show “green” when you successfully saved.

Your changes have been saved successfully.

CLIENT PROFILE 🔒

Social Security Number	XXX - XX - 2213 ?	
Quality of SSN	Full SSN Reported ▼	
Last Name	Smith	
First Name	Jody	

Please review your intake to ensure accuracy and completeness.

Don't Know/Refused/Data Not Collected:

Selecting “Don’t Know”, “Refused”, or “Data Not Collected” is acceptable and will allow you to save the file. However, each field on this screen makes up the overall data quality percentage for this client. Not making a valid selection in each field will lower the data quality for this client and impact overall data quality percentages for your agency as a whole.

7. Release of Information

Once the Create a New Client Screen opens, the Release of Information box will be located at the top right of the screen.

A Compliance Warning ribbon will appear across the screen of any client profile that has an expired CLIENT CONSENT form, or an CLIENT CONSENT form that is about to expire. Select the 'Click Here' link to update the CLIENT CONSENT.

RELEASE OF INFORMATION	
Permission	Yes
Start Date	12/06/2018
End Date	12/06/2019
Documentation	<ul style="list-style-type: none"> ✓ Select Electronic Signature Attached PDF Signed Paper Document Verbal Consent Outside Agency Verified Household Group Member None

The Release of Information Screen will appear. Complete the following data fields:

- Permission

Yes = Client provided consent

No = Client did not provide consent

(the client's data will NOT be shared outside of your agency)

- Start Date

This is the date that the client signed the CLIENT CONSENT. The “Start Date” defaults to today’s date, but it must be configured to reflect the actual date the CLIENT CONSENT was signed by the client, if it was not signed on the current day.

- End Date

This is the date that the CLIENT CONSENT will expire. It will default to the expiration date configured by the HMIS System Administrator.

- Documentation

Enter the way in which the CLIENT CONSENT was stored. There are several options:

- Electronic Signature: If Electronic Signature is selected, a black button stating ‘e-Sign Document’ will be present. Click on it to complete the electronic signature form. The client can sign the form with their finger/stylus.
 - Attached PDF – This will prompt the end user to upload the PDF, which must have the client signature.
 - Household or Group Member – Select if the client is a minor and an adult household/group member signed the CLIENT CONSENT.
 - None – Select if no CLIENT CONSENT was obtained.
- Select “Add Record” once all data fields are complete.

To verify the form uploaded correctly, click on the “Shield” icon, next to the client calendar and print icons. This will open the Release of Information screen and you can review the form on this screen.

*Note: Only one CLIENT CONSENT per agency per active start/end date range is permitted.

Once the completed CLIENT CONSENT has been uploaded, the Warning Ribbon on the client's profile will be removed, and will only prompt when the CLIENT CONSENT expires.

The screenshot shows the client profile for Jody Smith. The top navigation bar includes "PROFILE", "PROGRAMS", and "ASSESSMENTS". The "PRIVACY" section is active, showing "Client Privacy" with "Public" and "Private" options. The "Private" option is selected. Below this are "SAVE CHANGES" and "CANCEL" buttons. The "RELEASE OF INFORMATION" section is also visible, showing a table with one entry:

Permission	Type	Start Date	End Date
Yes System	None	12/06/2018	12/06/2019

8. Creating Family/Household Groups

Open the file for the head of household. In the upper right corner, under the header "Family/Household Members", click "Manage".

The screenshot shows the "Household Members" section. It includes icons for a printer, calendar, and a shield with a person. The text "Household Members" is displayed, and the "Manage" button is circled in red. Below this, it says "No active members".

If you have recently accessed the family member files, they will be listed on the right-side menu under the header “Your recent client searches accessed”. If the family member is listed there, click “Add” to add them to the head of households group.

Your recent client searches accessed:

Alice Apple	5555	
Mary Aster	6666	
Janlah Harvey	0000	
Kerria Anderson	0000	
Beth Wutson	1111	
Test Test	0000	

NOTE: When a listed client has “Join” as an option, that person is already part of an existing family/household group. Rather than adding them to your client’s group, you are given the option of joining your client to the existing group.

You also have the option of searching for members directly from the Family/Household Management screen.

Search for a Household Member

mary as SEARCH

Enter your search terms above to search for a client. Use full name, partial name, date of birth or any combination.

Client	Date of Birth	Last Four SSN	Last Updated
Mary Aster <small>Existing Group, Head of Household: Mary Aster - Members: 3</small>	03/05/98	6666	11/06/18

BACK

From the search results, mouse over the client name to produce the "Add" option.

Complete the same steps for each member until all clients are listed in the Family/Household Members section in the upper right corner of your screen.

Enter the Member Type and Start Date (date the client became a member of the family/household) and click Save.

ADD TO HOUSEHOLD ✕

Member Type Son

Start Date 12/06/2018 25

SAVE

If a member leaves the household, clicking “Edit” from the Members list will allow you to enter an End Date to remove them from the group.

Household Members

Jody Smith	Not Set *	
Test Test	Son	

EDIT GLOBAL HOUSEHOLD ✕

Member Type Son

Head of Household Test Test

Joined Household 12/06/2018 25

Exited Household 12/06/2018 25

SAVE

Select the "Exited Household" box, enter the date the member left the household, and click "Save". This will remove them from the household and retain a historical record of their time in the group.

In this example we have ended Test’s time in the household as of 12/06/18.

9. Enrolling Clients into Programs

The Programs tab in the client file contains two sections:

Program History provides a listing of programs your client is either currently enrolled in or has been enrolled in in the past. – *Currently available to programs with a sharing agreement between agencies.*

Programs Available lists current programs provided by your agency that are available for client enrollment.

To enroll a client/household into a program, simply select the down arrow next to the applicable program title under Programs: Available.

If the client is part of a group, you will be given the option to checkmark any group members who should also be included. Select the group members to include (if applicable) and click “Enroll”.

It is critical that ALL fields on the Enrollment are completed in full. Every question asked in this area corresponds directly to the required APR for your program(s).

Alice Apple

⚠ Changes have not been saved. Please correct your entry and try again.

Enroll Program for client Alice Apple

Project Start Date

Is the Client an Adult or Head of Household?

▼

Is the Program Type Either Emergency Shelter, Safe Haven, or Street Outreach?

▼

LIVING SITUATION

Type of Residence

▼

Length of Stay in Prior Living Situation

▼

Approximate Date Homelessness Started

Number of times on the streets, in ES, or SH in the past three years

▼

In the example above, required program fields were left blank illustrating required data elements in order to save the client enrollment.

Complete ALL fields in the enrollment page for your client and click “Save & Next”. If you had check marked any group members to be included in this program, their Enrollment page will automatically come up next until each member’s enrollment has been completed. Continue to click “Save & Next” after completing each group member’s Enrollment. Enrolled group members will be listed in the right side bar under “Program Group Members”.

10. Program Service Transactions

When all Enrollments are complete, the “Provide Services” page will appear for your main client (head of household).

Click once on the service you wish to provide to expand the drop down.

 Case management services:Case management services Demo Agency	12/06/2018	12/06/2018 

If future services are provided as part of this program, return to the Program tab in the client file. The active program will be listed. Mouse over and select “Edit”. Select “Provide Services” and follow the above steps for Placing Services.

11. Completing Assessments

Depending upon the funding source for your program, you may be required to complete Status and/or Annual Assessments at regular intervals for all active clients. These are generally completed every 90 days (for Status Assessments) or once per year (for Annual Assessments). Please check your contract for specific requirements.

From the Programs tab, the right side menu contains the header "Program Assessments". Click "Add" to complete a new Status Assessment or Annual Assessment.

ADD PROGRAM ASSESSMENT X

By clicking “Select File” you are using an advanced upload to select the file from your personal computer. If your system is not compatible with the advanced upload, you can choose the BasicUploader.

Once a file is uploaded, it is saved to the File tab by order of the upload date. There is no limit to the number of files that can be uploaded for each client.

You can view the existing file simply by clicking View, or edit the document by uploading a new version.

Clarity supports all of the most common file types. (Word, Excel, PDF, JPG, PNG, etc.)

17. Daily Attendance Service Transactions

Daily Attendance is used for services provided on a day-by-day basis, allowing a large number of clients to be checked in for service very quickly.

Services that require daily entry, such as Emergency Shelters, are entered in Clarity HMIS using the Attendance button located in your launcher.

NOTE: You will only have an Attendance button in your launcher if your agency provides services that have been setup for daily intake.

After clicking on the Attendance button, a list of services available for daily intake is provided.

16. Reporting

Accessing the Report Library

To begin using the Report Library, find the Reports Button in your launcher.

This will bring you to the Report main screen, which is divided into several sections according to report type, with Show/Hide features for easy organization.

REPORT LIBRARY EXPLORE DATA ANALYSIS	
HUD Reports	7 report(s) ▾
Housing	3 report(s) ▾
Service Based Reports	14 report(s) ▾
Email Reports	5 report(s) ▾
Program Based Reports	24 report(s) ▾
Agency Management	3 report(s) ▾
Data Quality Reports	1 report(s) ▾

The report section will expand to make the reports within that section available. Select the ‘up’ arrow to minimize the screen to its normal size.

For more information on a particular report, select the “More Info” link. The screen will expand to include a summary of the purpose of the report.

To run a report immediately click “Run.”

[GNRL-102] Client List

▶ RUN | 📅 SCHEDULE | **MORE INFO** ▾

[OUTS-105] Client Demographics

▶ RUN | 📅 SCHEDULE | **LESS INFO** ▲

This report provides client demographic details for selected services for a specified time period. For the report that is designed to collect demographic for programs, use [OUTS-106] Client Demographics. For a version of a service-based demographic report that does not include charts, graphs, and figures use [OUTS-105] Client Demographics (Flat Version) The information for this report comes from the client profile screen.

This will take you to the Preview page. Here you can select the parameters for each report. Because each report is different, some of the parameter options will vary depending on the report. In the example below ([OUTS-105] Client Demographics report), the required parameters are:

- Choose services
- Housing Status at Entry
- Veteran Status
- Starting Date
- Ending Date
- Report Format

Report Format

Web Page PDF Excel

Most reports require a starting date and an ending date:

- **Starting Date:** This date will reflect the date from which you would like to generate data.
- **Ending Date:** This date will reflect the date you would like to stop generating data.

Every report will also ask you to select a report format. You can select Web Page, PDF, or Excel.

- **Web Page:** A Web Page is a functional format that allows you to drill down on data elements to inspect the underlying data supporting it.
- **PDF:** The PDF is a good option for official reports, grants, etc.
- **Excel file:** If you download the excel file you can use excel to manipulate and organize the data (e.g. Sort/Check for duplicates, etc.)

After choosing your parameters, select the 'OK' button to run the report.

A popup box will appear indicating that your report is being processed. Once the report is processed, a second popup box will appear below the first indicating the report is ready. Select 'Open' to view the report.

Alternatively, you can open the report from the report notification button.

Scheduling a Report

Reports can be run immediately, or they can be scheduled to run at specified times. To schedule a report, select the 'Schedule' link instead of the 'Run' link.
